

MCFC - General Update

July 5, 2024

Harvesting:

RV Pepper is hauling on block77 and is logging right of way to access into block LM01 and LM02. 20 decked loads to haul plus right of way wood.

Warren McLennan harvesting block MV02 road right of way. MV02 is located up the pasture road.

Roads:

Tendered two road packages to 4 local contractors. Only one bid for each of the tenders was submitted.

Optimum Resource Management was awarded the two tenders. Road Projects:

- Minnow ML maintenance, upgrade, construction and deactivation.
- Pasture Road Blk MV02. Road right of way logging, upgrades, construction and deactivation.

Planning to harvest right of way and build road into block MC02 located at 6.6km on the Mtn View FSR.

Planning to upgrade road up Clyde Creek to access blocks CL06 and CL08.

Bridges: No Activity

Planning/Other:

Shaughnessy Clausen, ORM and RT King are gathering information on all blocks layed out this previous winter. SP data, riparian and general look around to see if we missed anything.

Simpcw FN have been out working on Cultural Heritage assessments. They have completed assessments on 7 blocks so far. Waiting on results.

Sort Yard:

40-50 loads of cedar post and rail and Z grade remaining. We gave BKB OK to start hauling to their yard.

Silviculture:

FG/Stocking surveys should start soon.

Reviewing blocks for brushing.

Tree planting has been completed.

Walking overdue FG blocks to make plans.

Recreation:

We are maintaining both LaSalle Lake and Beaver campgrounds. All good so far.

We are maintaining McBride Peak halfway. Road is open and people are using it.

GDA Contracting out of Valemount brushed Lasalle Lake roads. They were in the area and tied in.

Recreation gov crew to be at Lasalle Lakes mid-July for maintenance of park.
